

Pest Control Service

Stoke-on-Trent City Council offer a reliable and competitively priced professional pest control service to deal with most types of pests in domestic and commercial properties.

All our work complies with current health and safety requirements and we only use safe, modern pesticides that are approved for use in the UK.

Typical charges for occupied properties*

All domestic pest treatments are chargeable and visits are by appointment only.

- ◆ **Rats and mice** up to three treatment visits £60
- ◆ **Bedbugs** one treatment of up to three rooms and a revisit £80
- ◆ **Cockroaches** one treatment of up to three rooms and a revisit £65
- ◆ **Fleas** one treatment of up to three rooms and a revisit £75
- ◆ **Ants, beetles and other insects** one treatment visit £60
- ◆ **Wasps** below gutter level £61.74, above gutter level up to a maximum height of 6.1m or 20ft £91.67

Want something different?

We can offer affordable one-off treatments for commercial customers based on an hourly rate and also provide regular cost-effective pest prevention services. Details of bespoke commercial contracts are available upon request.

To request assistance for problems in premises within Stoke-on-Trent, please call 01782 234234 or email publicprotection@stoke.gov.uk

*Prices correct at time of printing and include VAT at 20%. Payment is taken in advance. Results will vary and more than one treatment may be required. Discounts may be available for customers claiming eligible benefits. For some pests, extra charges will apply for treatment of additional rooms. Charges also apply for missed appointments. Where no treatment is needed, we will charge for advice and refund the difference.

Pest Control Services for Landlords

If you need pest control help at a property within Newcastle-under-Lyme call Newcastle Borough Council's Pest Control team.

We can offer a prompt and discrete competitively priced professional service.

Services for your tenants

You, or your tenants, can request any of the services we provide to all borough residents. At standard domestic house of flat we can offer...

- ◆ Treatment of rats or mice (up to 4 visits) £45
- ◆ Wasps, Bees, Fleas or Bedbugs £70
- ◆ Advice visit £45

If you've a larger building such as a HMO, or a building converted to several flats, we charge £145 to check the whole building and treat for rodents in any of the units experiencing problems if we can work with a letting agent or tenant who can give us access to all the areas we need to check each time we visit.

Before you let a property

Why not invite us to check for pests? Advice visits costs £45. We'd check for signs of current pest problems, and identify if any action is necessary to prevent future infestations. You'll get a written report of what we've found and our recommendations. We can offer advice on repairs and proofing to prevent rats and mice getting into properties.

If you're refurbishing why not let us check and if appropriate provide treatment before you redecorate or lay new carpets. For example we could check and treat for fleas. We'd charge £45 to check, plus a further £25 (total charge £70) if we applied chemicals.

Want something different?

Want regular checks, or looking for discounts for more properties or need something else—give us a call. A pest control officer will call you back with options.
